Giant Rock Attunement

Giant Rock stands as a profound cosmic antenna, sitting directly on a powerful convergence of nine ley lines along the spiritually charged 33rd parallel. This intersection acts as a potent geomagnetic vortex with the desert's natural quartz crystal beds and tectonic energy. **The 9D Crystalline Grid Activation:** We will drum in the energy of our own crystal grid. Each woman creates her manifestation grid on a portable cloth, with her keystone crystal in the center. Intentions are set in the energy of DEVOTION.

I become the place where it lives."
